Mix approved by
animal caretakers!

- High in fibre
- Herbs & spices
- Large-sized pellet
- Soft, moist pellet
- All natural ingredients
- Balanced mix of vitamins & minerals

Why TERRABITES?

Feeding advice

TERRABITES 'Herbivorous Tortoise' petfood is the optimal basis for the diet of herbivorous tortoises, turtles and related species, and can be used as part of the diet of related omnivorous species. Young animals can be fed a small portion on a daily basis, whilst older animals should be fed 3 to 4 times a week. Use the amount of feed your animal is usually able to eat in one day as a portion guideline. Remove any uneaten feed from the enclosure after one day. It is recommended to supplement your animal's diet with other feed sources, such as vegetables. As **TERRABITES** contains all essential vitamins and minerals, the use of supplements is not necessary. Due to the high moisture content of **TERRABITES**, the drinking water requirement for your animal is partially replaced.

Storage advice

To keep your **TERRABITES** product in optimum condition, store at room temperature (<20 °C) and out of direct sunlight. Refrigerated storage is not necessary. To prevent dehydration, the **TERRABITES** container should be properly closed after each use.

Ingredients

Plant-based by-products (fruit pulp, grass, alfalfa, beetpulp, potato starch), bakery products (wheat gluten, rice flour), vitamins & minerals, herbs (4%); basil, celery leaves, chervil, cumin seeds, oregano, parsley, savory), vegetables (carrot), sugar.
